2. It appears from the Amils' Patta dated 13th Phalguna Soodha of the year Rowthri (1801-2) that 46 inams were granted under the orders of the Hoonzoor. In this, the beejavari, average rate of Paddi Goottah, fixed Paddi Gutta & its value in C. Ps are noted. These lands were under batayi cultivation when the Inamdars were used to receive their shares in produce but this was put a stop to after the system was abolished, & the lands were let out on Soovarnadaya Most of these Inamdars having possessed Candayam lands in which the inam portion was also included, value of the latter was deducted from their Patta only the net Candayam collected, which system is in force. This Candayam is credited to the ryotwar candayam head & not to the Jodi. ~~Alth~~ Altho the ccts show clearly the area of each of the Inam, yet could not now be identified. At the time of survey the inam portion was not separately measured, but the whole Circar & Inam was measured together & assessed & out of this assessment Inam value was deducted collecting from the people only the net Candayam The Pymaish is not forth coming in the Taluk records. Under these circumstances I would recommend these inams to be Confirmed on Cash payments as at present, leaving the assignment of lands to the Survey Department.
